About the conference

International Conference on Recent Developments in Cybers Security (ReDCySec-2025) technically sponsored by Springer (approval pending) will provide a platform for researchers, practitioners, and industry experts to share their knowledge, insights, and research findings on the latest developments in cyber security. It will also act as a forum for participants to discuss and address the most pressing cyber security challenges, which can lead to the development of new solutions and improvements to existing security measures.

About Center for Cyber Security and Cryptology, Sharda University

CCSC aims at promotion of interdisciplinary research and development, consultancy, and training in Cyber Défense and its allied domains. It aims to contribute towards furtherance of knowledge for providing solutions to present and upcoming challenges related to cyber defense in the global scenario.

About Sharda University

Sharda University is a leading Educational Institution, NAAC A+ graded, and has an NIRF ranking of 86, located at Greater Noida, Delhi NCR. It is a venture of the renowned Sharda Group of Institutions (SGI). The University has established itself as a high-quality education provider with a prime focus on holistic learning and imbuing competitive abilities in students. The University is approved by UGC and prides itself in being a multi-disciplinary campus in the NCR, spread over 63 acres and equipped with world-class facilities. There are 14 different schools offering 130 programs with more than 13000 students from 95 different countries. Sharda University promises to become one of India's leading universities with an acknowledged reputation for excellence in research and teaching.
